SafeSealWrap

SAFE SEAL WRAP

Adhesive Spray Glue Can

The Adhesive Spray Glue Can is a fast-drying, high-strength adhesive designed for shrink wrap applications. Ideal for bonding shrink wrap to a variety of surfaces, it provides a secure, long-lasting hold that can withstand harsh weather conditions.

This easy-to-use spray adhesive is perfect for both small and large-scale projects, ensuring a smooth and consistent application with minimal effort. Whether you're sealing seams or securing wraps in place, the Adhesive Spray Glue Can offers a reliable solution for your wrapping needs.

Precautions:

Use in a well-ventilated area and avoid inhaling fumes during application. Keep away from open flames, sparks, and high heat, as the spray is highly flammable. Always wear appropriate protective equipment, such as gloves and a mask. Test on a small area first to ensure compatibility with the surface material.

MATERIAL:	**Aerosol spray adhesive**
COLOR:	**Clear**
VOLUME IN CAN:	**12 oz**
WARNING:	**Flammable / Keep out of eyes**

Applications:

Safe Seal's Adhesive Spray Glue bonds shrink wrap to surfaces like metal, wood, and plastic. Ideal for sealing overlaps and securing stress points, it delivers a strong, weather-resistant hold—perfect for construction, marine, and industrial use.
